**Directions for Aligning Your Hang Tags**

This is the alignment sheet that we'll use to ensure your tags are printed correctly. To set the alignment, carefully look at where the lines on the left intersect the vertical perforation. Make note of the number next to that line. Now, look above and make note of the letter by the line closet to the horizontal perforation. These values should be entered into the appropriate box back on the website.

That's it, we are now ready for you to select your font and entered the desired message for your hang tags.

**THIS IS THE "FACE"**

When looking at this page, the holes should be on the upper-right of the hang tag. If they are not, then this page may have been loaded incorrectly.

**Available Font Samples**

Century Gothic  
Tahoma  
Times New Roman  
*Angelina*  
*Flamische*
